

Excess FluLaval QIV Available for Next Day Delivery*

Dear Network Executive:

Please be advised that, effective immediately, GSK has approximately 6 million excess vials of FluLaval Quadrivalent available for delivery.

- FluLaval QIV is supplied in a 5-ML multidose vial containing 10 doses (0.5 ml each, package of 1).
- 30% of doses purchased from GSK are eligible for full credit return. Doses must be received within the 2/1/16 to 6/30/16 returns window. If received within this timeframe, office will receive a check for the cost of the eligible doses, including the Federal Excise Tax, unless there is an outstanding balance.
- Free shipping if ordered before 2 pm EST.
- Eligible for 2% prompt pay discount.

	Contract Price	2% Prompt Pay Discount	Best Price
	\$14.16	-\$0.28	\$13.88

* Each 0.5-mL dose from the multidose vial contains 50 mcg thimerosal (<25 mcg mercury); thimerosal, a mercury derivative, is added as a preservative.

Order by calling 1-855-475-4748, log onto www.gskvaccinesdirect.com, or contact a GSK sales representative.
